## IT'S PASTA PARMESAN

*Garrett Yee*

**3 cups pasta (any type)**

**Sauce:**

**1 stalk celery, cut diagonally**

**1/4 onion, chopped**

**1 clove garlic, minced**

**3 fresh mushrooms, chopped**

**1/4 green and/or red pepper,  
chopped**

**1/2 (19 oz) can diced or  
crushed tomatoes**

**1/2 (14 oz) can tomato sauce**

**1/2 tsp oregano**

**1/2 tsp basil**

**1/4 tsp hot pepper sauce**

Fill a medium sized sauce pan 1/2 full of water and add 1/2 teaspoon salt. Bring water to a boil. Add pasta. Stir frequently, especially at the beginning and keep water boiling for 7 to 9 minutes until pasta is cooked. The rapid boiling keeps pasta separate so it does not stick together. To keep it from boiling over and to prevent stickiness, you may add 1 tablespoon oil or margarine. Drain with a strainer or a colander.

Make sauce in a frying pan. Saute together in a small amount (1 to 2 teaspoons) of margarine for 3 to 5 minutes celery, onion, garlic, mushrooms and peppers. After veggies are cooked to fork tenderness, add to frying pan tomatoes, tomato sauce, oregano, basil and hot pepper sauce. Simmer over low heat, stirring occasionally for 10 to 15 minutes. Serve sauce over pasta. Sprinkle with Parmesan cheese. Adjust seasoning according to taste.

1 cup brown sugar	1/2 cup raisins (optional)
1/4 cup vanilla instant pudding powder	1/2 cup butter

Spray 1 of the following with cooking spray: bundt pan, angel food (if using this make sure that it is a solid 1 piece pan not a 2 piece pan or it will leak) or a stoneware baking bowl. Drop dough balls into pan. Sprinkle raisins over dough balls. Mix brown sugar, pudding powder and cinnamon together in a bowl. Sprinkle over dough balls. Cover with damp cloth and leave overnight. ## QUICK AND EASY CINNAMON ROLL

*Garrett Yee*

2 cups flour	1/3 cup hard (cold) shortening (white)
4 tsp baking powder	2/3 cup milk
1/2 tsp salt	1/2 cup brown sugar
2 tsp sugar	1 tsp cinnamon
1/2 tsp cream of tartar (optional)	1/4 cup soft margarine

Preheat oven to 400°F. Stir together flour, baking powder, salt, sugar and cream of tartar (optional) in a medium sized mixing bowl. Cut in shortening into the first 3 dry ingredients using pastry blender. Add milk all at once, stirring with a fork until mixture forms a ball. Turn dough onto counter, knead lightly until ball of dough is smooth and holding together (about 10 to 12 times). Roll dough to a rectangle that is 8 1/2x11 inches. (if mixture becomes sticky at this point, add a dusting of flour.) Spread softened margarine on dough, leaving 1 long edge of rectangle clear of margarine right to edge. Sprinkle with brown sugar and cinnamon (mixed together) on the margarine rectangle, going right to the edge. Roll dough from long side of rectangle, sealing as you go. Pinch long edge to rolled cylinder of dough. Cut cylinder of dough using sharp knife or thread evenly into 12 slices. Place in greased muffin tins with cut side down. Bake for 10 to 12 minutes.

Place on greased pans. Bake for 15 to 20 minutes at 375°F.

**Biscuits:** Measure mix. Make a well in centre, add milk and stir. Turn dough onto floured surface. Knead about 6 times. Pat or roll out. Cut out shapes. Place on baking pan. Bake at 400°F for 12 to 15 minutes.

**Biscuits:**  
**1 cup biscuit mix**  
**1/3 cup milk**

Mix flour, baking powder, salt and sugar. Cut in shortening using pastry blender. Mix to resemble coarse crumbs. Store in a tight container on shelf or in fridge.

**Biscuits:** Mix to make a soft dough. Turn out onto lightly floured surface. Knead a few times to make soft dough (don't over knead). Pat or roll to desired thickness (1.4 inch) and cut with a floured cutter. Place on ungreased baking sheet. Bake in preheated oven at 450°F for 12 to 15 minutes.

## QUICKIE PIZZA CRUST

*Michelle Yee*

**2 tsp baking powder**  
**1/2 tsp salt**  
**1 cup cottage cheese**  
**1/4 cup oil**

**1/4 cup milk**  
**1 egg**  
**2 cups flour**

In a large bowl, combine flour, baking powder and salt. Blend in cottage cheese until mixture is crumbly. Stir together egg, milk and oil. Add it all at once to flour mixture. Stir until dough forms a ball. If it's too wet, dump it out onto a well floured countertop and knead it by hand a few times until it's a smooth ball. This recipe makes enough dough for 2 (10 inch) pizzas or 1 (12 inch) pizza and a personal pan.

## POPPY SEED ROLL

Jean Scott

### Filling:

5 cups milk (2%)  
4 cups white sugar  
2 tsp almond extract  
5 1/2 cups poppy seeds

### Dough:

1 1/2 cups warm water  
1 tsp sugar

3/4 Tbsp yeast

3 cups Canola Harvest  
margarine, melted\*

1 1/2 cups milk (2%)

1/2 cup white sugar

7 egg yolks

1/2 tsp salt

6 3/4 cups (or less) flour

\*This margarine comes in a 3 pound box. Only use 3 cups (1/2 a box). Freeze the rest for another time.

**Filling:** Make filling the day before. In a large heavy pot, heat milk, sugar and almond extract til hot. Mix while heating. Turn heat off burner. Grind poppy seeds in coffee bean grinder (I use 3 or 4 grinders, changing grinders every second hopper). Put ground poppy seeds in milk mixture, then let sit for 30 minutes. After 15 minutes mix again. Bring poppy seed mixture to a boil and cook for 12 to 15 minutes, mixing while cooking or it will stick to bottom of pot. Put cooled poppy seed mixture in fridge overnight. Next day, heat again til warm, before spreading on dough. If poppy seed mixture is too stiff, add some more milk or if not sweet enough or flavoured enough, add some more sugar or extract.

**Dough:** Use the same measuring cup for water, milk and sugar. Put 3/4 cup warm water into a bowl and dissolve 1 teaspoon sugar and sprinkle yeast on top of water. Let rise for 10 minutes. Put the other 3/4 cup warm water into a large mixing bowl. In a bowl, put egg yolks, sugar, salt and 3/4 cup milk and beat with electric beaters for 2 minutes. Then add to water in mixing bowl, rest of milk (3/4 cup), melted margarine, egg mixture, yeast and 4 cups flour. Mix with wooden spoon about 2 minutes, then beat with electric beaters until smooth. Knead in rest of flour til smooth or you can use dough beaters. Cover bowl with a lid and wrap in a blanket for 15 minutes. This makes 6 medium loaves or 8 to 9 small.

Line pans with foil paper and oil lightly. Put dough on floured board and divide into 6 portions. Roll dough thin as for pie crust, then spread poppy seed mixture on dough, put same amount of poppy seed mixture on each roll. Roll up like jelly roll, pulling dough while rolling up. Put rolls into pans, let rise for 15 minutes, then brush tops with 1 whole beaten egg. Bake in 300°F oven for 1 hour and 9 minutes (depending on type of pans and oven). Take out of oven and let sit for 7 to 10 minutes, then lift out of pans with foil paper, tilt loaf to 1 side and slide cardboard covered with foil paper under roll and remove foil from loaf. After 1 hour, put rolls on other side to finish cooling.

## APPLE SQUARES

*Shirley Spratt*

2 1/2 cups flour  
1/2 tsp salt  
1 Tbsp sugar  
1 cup lard or 1/2 cup lard and  
1/2 cup margarine  
2/3 cup milk

1 egg, separated

Filling:

Apples, enough to make filling  
for pie (or use 2 to 3 cans  
ready made pie filling, any  
flavor you like)

Use a cookie sheet for this recipe. Mix dry ingredients and cut in lard/margarine. Beat egg yolk and milk, add to dry ingredients and mix. Place 1/2 the dough on a large cookie sheet and press into pan going up edges of pan (this makes it easier to seal when you put top crust on top). Cook and flavor apples to taste as you would for a pie, spread on bottom crust. Using other 1/2 of dough roll top crust. Prick and place on top. You may find it easier to quarter top and bottom crust to fit on pan. Seal edges if possible. Brush top with egg white and sprinkle with sugar. Bake in 400°F oven for 30 minutes.

1/4 tsp baking soda  
About 7 graham wafers

In a beater bowl cream together butter and sugar until light and fluffy. Add eggs and combine well. Stir in milk and vanilla. In another bowl, stir together flour, salt and baking soda and combine thoroughly with creamed mixture. Spread 1/3 of this batter evenly over bottom of an ungreased 13x9 inch pan. Arrange 1 layer of whole graham wafers over batter. Stir chocolate chips into remaining 2/3 of the batter and spread this mixture evenly over graham wafers. Bake at 375°F for 20 to 25 minutes.

As desired, frost with orange icing made by mixing together 1 3/4 cups confectionery sugar and 4 tablespoons orange juice. Cut into bars while warm. Coconut could also be added to the mixture.

Dots cold butter

Will take 4 to 5 cups of berries depending on size.

Mix flour and 1 tablespoon sugar for bottom crust. Sprinkle the mixed flour and sugar on the bottom pie crust to prevent leaking through. Pour berries into bottom crust. Mix sugar, flour and salt to pour over berries. Dot top of berry mixture with butter and apply top crust. Bake at 425°F for 10 minutes, then 375°F for 25 minutes or until done.

## SPICE GUIDE

Keep spices in tightly covered containers, in a cool dry place. After about a year spices tend to lose flavor so more may be needed for seasoning. Spices should enhance, not overpower, the flavor of food; always use moderation and taste before adding more. Overheating can cause spices to turn bitter. During lengthy cooking add spices during last half hour of cooking time. Usually 1 teaspoon of dried herb equals 1 tablespoon of fresh.

**Allspice:** Flavor a blend of cinnamon, cloves, nutmeg. Meat dishes, egg dishes, fish gravies, pickles, relishes, tomato sauce, fruit preserves, cakes, cookies and pastries.

**Anise:** Licorice-like flavor. Meat and poultry dishes, vegetables, fruits, cakes, cookies, candies.

# Odds & Ends

## FANCY PARTY SANDWICHES

For mixed receptions and parties, allow 2 slices bread or 3 to 4 small sandwiches per person.\*

For large tea parties or showers, allow 1 in.  $\frac{1}{2}$  slices bread or 2 in 3 small sandwiches per person.\*

**Bread:** Approximate number of slices (crusts removed) from loaves

Bread	$\frac{1}{2}$ -inch slices	$\frac{1}{4}$ -inch slices
16-ounce loaf	20	6
20-ounce loaf	22	18
24-ounce loaf	25	22

**Butter:** Allow  $\frac{1}{4}$  lb. per 24-ounce loaf.

**Filling:** To make filling for one 24-ounce loaf allow

- 2  $\frac{1}{2}$  cups chopped meat or poultry
- 12 hard-cooked eggs
- $\frac{1}{4}$  lb. thinly sliced meat or cheese
- 10 to 12 ounces peanut butter or jam
- $\frac{3}{4}$  lb. cream or soft cheese
- 2-7 oz. tins fish

Use about 2-3 large loaves of bread to make small sandwiches (depending on the size of sandwiches for 50 people).

Make various fancy shaped: checkerboards, ribbon, pinwheel, wagon wheel and roll-up sandwiches.

- Use flavored butters and attractive garnishes.
- For rolled sandwiches, use bread that is very fresh, so that slices will not crack when rolled.
- Choose bread to facilitate slicing thinly.
- Soften butter and beat it until soft and fluffy to make it easy to spread.
- Prepare sandwiches in advance, wrap tightly in wax paper and refrigerate before slicing.
- \*depending on what other food is being served, age group, time of day, etc.

## MICROWAVE COOKING HINTS

To speed cooking and promote even heating, use the following techniques:

- Stir food during cooking to bring the heated outside parts of the food to the center.
- Turn food over when microwaving small items like hamburgers, chicken chops or when defrosting.
- Rearrange foods or individual items during cooking to promote even heating.
- Allow standing time to complete the cooking of roasts and baked products.
- Cover foods to hold in moisture and speed cooking.
- Arrange food in a ring or circular shape to allow maximum exposure to microwave energy. Place tender or thin parts in the center and thicker pieces toward the outside.
- Rotate or move food a quarter or half turn during cooking to allow foods which cook quickly to cook evenly.
- Select foods or pieces of the same size and shape because small items cook faster than large ones.
- Food at refrigerator temperature takes longer to cook than food at room temperature.
- Dense foods take more time to heat than light or porous foods.

1 lb boneless pork finely  
chopped or 1/2 lb each pork  
and shrimp, finely chopped  
1 3/4 cup water chestnuts, finely  
chopped  
2 whole green onions, finely  
chopped

1 Tbsp soy sauce  
1/2 tsp salt  
1/8 tsp pepper  
1/2 tsp minced fresh ginger  
2 tsp dry sherry  
1 egg  
1 lb pkg won ton skins

Mix the pork (and shrimp if you use it), water chestnuts, onion, soy,  
ginger and sherry until well mixed. Beat egg in a small bowl. To fit  
won ton skin, place a won ton skin on the counter. (Cover remaining skins  
with a damp towel to keep them pliable.) Mound 1 teaspoon of filling in 1  
corner. Fold that corner over with other corner to form a triangle. Moisten  
outer edges of triangle with egg and pinch to seal. Overlap the 2 side  
edges of the triangle. Place on baking sheet.

Deep fry in vegetable oil at 360°F for 2 minutes, 4 to 6 won tons at a time.  
Makes 6 to 7 dozen won tons.
